- Coaches Report - SRAM committee is interested in changing the date of the Michigan State regatta to the same weekend as London's regatta. Will continue to keep group posted on date.
- Treasurer's Report
 - Kayak has been purchased for this year's raffle.
 - Money has been invested in three different stock funds per subcommittee's recommendation.
- Equipment Report:
 - Centennial Farm has been very generous in letting us store our trailer there. They need some of their fence painted and it'd be nice if the team can "pay them back" for the storage. Once cross country schedule is reviewed a Saturday in September will be selected. Pizza/pop to be provided.
