- Treasurer's Report
 - Preparing to submit application for next year's kayak raffle.
 - The tax return has been submitted.
 - Money to be moved from checking to investment account with investment subcommittee input.
 - Dennis to research alternatives for money market/CD rates.

- Coaches Report
 - Coaches would once again like to attend a training session in December to stay abreast of latest rowing information.

- Equipment Report - With the conclusion of the season there is no food in the trailer however there is work to be done:
 - Trailer needs to be thoroughly cleaned out
 - Grill needs to be cleaned
 - Trailer tongue needs to be sanded/painted
 - All tires have been replaced this season except the spare - spare should also be replaced.
 - Jim plans to grease the wheel bearings this summer
 - Boat trailer also needs some repair: new lights, maybe a good idea to sand/paint the trailer, also there's a sag in the tongue
 - Coaches Launches - still have issue with one needed to be spot welded although there may not be enough metal to repair that way.
